Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

purchasing, billing, accounting and customer services to its members. A regional water council may not exercise any power that would cause it to become a water utility and no water utility is required to become a member of a regional water council. The PUC is authorized to provide assistance to the councils; grant and other funds available to regional water councils are not required to pass through the commission. No fund or service of the State or instrumentalities otherwise available to water utilities may be made conditional on a water utility's membership in a regional water council. Water utilities that are members of a regional water council remain fully subject to Public Utilities Commission jurisdiction and authority.

Public Law 2005, chapter 209 was passed as an emergency and took effect May 24, 2005.

LD 1198 relates to “commercial messages” sent by a public utility to its customers. The bill proposed to define “commercial messages” to mean those sent to customers “for the sole purpose of promoting consumption of a regulated service or product.” The bill proposed to prohibit a public utility from charging customers for the costs of such messages. The bill also proposed to prohibit a public utility from sending such messages unless the customer has given written consent to receiving them.

**Committee Amendment "A" (H-296)**, which was the minority report of the Joint Standing Committee on Utilities and Energy, proposed to replace the bill. The amendment proposed to provide that rules adopted by the Public Utilities Commission concerning the following activities by public utilities are major substantive rules: promotional advertising; promotional allowances, including, but not limited to, the granting of promotional rebates or credits; advertising to promote corporate image or goodwill; or political activities. The Public Utilities Commission currently has rules on these matters (Chapter 83). This amendment would require any amendments to those rules to be subject to approval by the Legislature.

collection from carriers to 0.5% of retail charges for telecommunications services. This bill proposed to increase the collection limit to 0.8% for fiscal years 2005-06 and 2006-07 and to 0.6% in fiscal year 2008 and beyond. The increases would allow the Public Utilities Commission to cover costs associated with delays in federal E-rate discounts and to fund up to \$500,000 per year to pay for the digital library at the University of Maine (MARVEL).

**Committee Amendment "A" (S-116)** proposed to do the following:

1. Replace the provision of the bill that would increase the cap on the amount collected for the MTEAF by different amounts in different years. The amendment proposed simply to increase it to 0.7% of intrastate retail charges;
2. Add a provision requiring the Public Utilities Commission to provide a report to the Joint Standing Committee on Utilities and Energy detailing the status of available revenues and expenditures, including federal funds, for the schools and libraries program supported by the MTEAF;
3. Authorize the Joint Standing Committee on Utilities and Energy to report out legislation to the Second Regular Session of the 122nd Legislature concerning the subject of the Public Utilities Commission report; and
4. Add an emergency preamble and an emergency clause to the bill.

**Senate Amendment "A" to Committee Amendment "A" (S-201)** proposed to remove the emergency preamble and the emergency clause.
