First Regular Session and First Special Session

Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

**An Act To Create Optional Public Financing of Legislative Leadership Elections**

**ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DUDLEY BRENNAN	ONTP	

LD 1562 proposed allowing Maine Clean Election Act financing for candidates in legislative leadership races. The candidate for a leadership position would already be a Maine Clean Election Act candidate. A candidate for a Senate leadership position would be required to obtain 9 signatures from members of the candidate's party who were nominated to seats in the Senate, and a candidate for a leadership position in the House of Representatives would be required to collect 38 signatures from members of the candidate's party who were nominated to seats in the House of Representatives. A Maine Clean Election Act candidate who wishes to run for a leadership position would be able to collect up to \$1,000 in seed money. As proposed, a Maine Clean Election Act leadership candidate would receive \$5,000 to spend on the leadership campaign and would not be allowed to contribute to a candidate, campaign, political committee or political action committee during the leadership campaign. A Maine Clean Election Act leadership candidate could not be an officer of or have control over a political action committee under this bill.

**An Act To Authorize a Tribal Commercial Track and Slot Machines in Washington County**

**VETOED**

MOORE F RAYE	OTP-AM MAJ ONTP MIN	H-563

LD 1573 proposed to define "tribal commercial track." A tribal commercial track would be operated by a federally recognized Indian tribe in this State. The bill proposed authorizing the Department of Public Safety, Gambling Control Board to issue a license to operate up to 3,000 slot machines to a tribal commercial track. The slot machine facility operated at a tribal commercial track would be subject to the regulatory structure currently provided in law. The distribution of income from slot machines would be the same as currently provided in law with the following exceptions.

1. The percentage of income designated for scholarships at Maine's community colleges would go directly to a community college in Washington County.
2. Instead of distribution of off-track betting facilities, the tribal commercial track slot machine facility would distribute that percentage to a development authority and career and technical education center in Washington County.

**Committee Amendment "A" (H-563)** proposed to strike the provision in the bill that created a tribal commercial track development fund and instead would provide that the tribal commercial track would receive a percentage of slot machine income from the Fund to Stabilize Off-track Betting Facilities. The amendment proposed to remove the provision that stated that a percentage of income from slot machines operated at a tribal commercial track would not be required to be paid to the Fund to Stabilize Off-track Betting Facilities. The amendment also would
