First Regular Session and First Special Session

Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1602 proposed to require a registrar of voters to place a voter registration application in the voter registration file within 5 days after receipt of the voter registration application.

**Committee Amendment "A" (S-331)** proposed to replace the bill and would update the election laws and introduces necessary procedural changes to reflect the changeover from over 500 individual municipal voter lists to the use by all municipalities of the central voter registration system. These changes would include adjusting the length of the closed period before each election, standardizing the use and time frame for verifying registrations using the acknowledgement notice and technical changes in terminology from "voting list" to either "incoming voting list" or "central voter registration system." The bill proposed clarifying reporting procedures for the municipalities to the Secretary of State. This bill would also establish the requirements on use and distribution of information contained in the central voter registration system.

***Enacted law summary***
