Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Joint Standing Committee on Labor

LD 1604

An Act To Restructure the Unfunded Liability of the Maine State Retirement System CARRIED OVER

<u>Sponsor(s)</u> STRIMLING		<u>Committee Report</u>		<u>Amendments Adopted</u>
--------------------------------	--	-------------------------	--	---------------------------

LD 1604, a concept draft pursuant to Joint Rule 208, proposed to refinance a portion of the Maine State Retirement System pension debt through the bond market.

This bill was carried over by H.P. 1203 to the next special or regular session of the 122nd Legislature.

LD 1628

An Act Regarding Occupational Safety and Health Training for Workers on State-funded Construction Projects CARRIED OVER

<u>Sponsor(s)</u> PATRICK BRYANT B		<u>Committee Report</u>		<u>Amendments Adopted</u>
--	--	-------------------------	--	---------------------------

LD 1628 proposed to require that a contractor or subcontractor entering into a contract for a public work on or after July 1, 2007 that is for \$10,000 or more provide documentation demonstrating that all employees working on that project have completed a construction safety training course, no shorter than 10 hours in duration, approved by the United States Occupational Safety and Health Administration. The bill also proposed to specify that, in addition to fines provided in existing law, violation of these requirements may result in removal of employees for whom the required documentation is not provided, as well as cancellation or enforcement of performance of the contract.

Committee Amendment "A" (H-491) proposed to:

1. Eliminate the penalties of removal of workers and cancellation of the contract;
2. Allow the Director of the Bureau of General Services within the Department of Administrative and Financial Services to deduct penalties assessed to contractors and subcontractors from contract payments for public works;
3. Afford contractors and subcontractors 30 days to correct a failure to provide the required training or, if the contractor or subcontractor does not have a certified trainer on staff, the longer of 30 days and until the date of the next available and appropriate training by the Department of Labor that occurs within a 2-hour drive of the work site; and
4. Allow the Director of General Services to refuse to release plans and specifications to a contractor or subcontractor for the purpose of bidding on a future project if the contractor or subcontractor has violated the training requirements.
