122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Joint Standing Committee on Insurance and Financial Services

- Expand the membership of the Advisory Council on Health Systems Development to include a practicing nurse, a small business and a large business that purchases employee health coverage; and
- Clarify that the Dirigo Health Agency is authorized to make and administer grants.

Committee Amendment “A” (S-491) is the minority report of the committee and replaced the bill, which was a concept draft pursuant to Joint Rule 208. The amendment proposed to repeal the savings offset payment used to support subsidies for the Dirigo Health Program. The amendment would require that the subsidy program for enrollees in the Dirigo Health Program and the Maine Quality Forum, which were funded with the savings offset payment, continue with funding from existing resources of the Dirigo Health Program. The amendment also would prohibit any funds collected by Dirigo Health from being used as the state share for individuals directly enrolled in MaineCare.

The amendment proposed to add a General Fund appropriation of \$8,313,000 for the costs of the state share for MaineCare services for parents as a result of the provision prohibiting these costs from being funded through transfers from Dirigo Health. Committee Amendment “A” was not adopted.

LD 1680 was still in the possession of the Senate upon adjournment sine die.

LD 1723

An Act To Address Benefits for Employees and Officers of Credit Unions

PUBLIC 468

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PERRY A MAYO	OTP	

LD 1723 proposed to establish statutory authority for a state-chartered credit union to provide employee benefits, including retirement benefits, to its employees and officers and to fund those employee benefit plan obligations with investments that would otherwise be impermissible under state law. The bill also proposed to authorize the Superintendent of Financial Institutions to adopt rules to implement this provision to address any safety and soundness issues associated with those employee benefit plans.

Enacted law summary

Public Law 2005, chapter 468 authorizes a state-chartered credit union to provide employee benefits, including retirement benefits, to its employees and officers and fund those employee benefit plan obligations with investments that would otherwise be impermissible under state law. The law also authorizes the Superintendent of Financial Institutions to adopt rules to implement the law and to address any safety and soundness issues.
