122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

LD 1821 proposed allowing the Commissioner of Education, in times of emergency, as declared by the Governor, to reduce the total number of instructional days a school is required to be in session. As proposed, the commissioner could also authorize a school board to offset, approximately, the reduction in instructional days through an increase in the length of the instructional day that the school is actually in session.

LD 1843 proposed to require the commissioner to submit any alternative assessment program to the Legislature for its approval. Current law requires the Commissioner of Education to establish a statewide assessment program to measure and evaluate achievement of learning results. The current assessment program used for students in grades 4, 8 and 11 is the Maine Educational Assessment. The commissioner is permitted to establish an alternative assessment for students in grade 11.
