122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Enacted law summary

Public Law 2005, chapter 650 creates a military redevelopment zone that allows a municipality within a labor market that contains a military facility scheduled for closure to apply to the Commissioner of Economic and Community Development to become a military redevelopment zone. The law provides that the total area available for designation as a military redevelopment zone may not exceed 1,500 acres. The law establishes that up to 500 acres may be available for designation outside a military facility boundary, as long as applications are received by the commissioner by August 1, 2011 and up to 1,000 acres may be reserved for property within the boundaries of the military base, as long as applications are received between the date of the military facility's closure and 7 years following the date of closure. Finally, the law also waives the labor market unemployment and wage restrictions for businesses located in a military redevelopment zone.
