122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

CON RES XXX.....	Chapter # of Constitutional Resolution passed by both Houses
CONF CMTE UNABLE TO AGREE.....	Committee of Conference unable to agree; bill died

Amendments Adopted
H-879
S-594 COWGER

LD 2035 proposed to establish an annual fee of up to \$300 for a general permit for industrial storm water discharges issued pursuant to the waste discharge laws. It also proposed to direct the Department of Environmental Protection to modify the general permit for industrial storm water discharges to include publicly owned facilities by January 1, 2008. It also proposed to amend the rule-making provision in the law regulating storm water management to provide that rules adopted pursuant to that law are routine technical rules rather than major substantive rules.

Committee Amendment "A" (H-879) proposed to replace the bill, except that it retained the provision of the bill that proposed to establish an annual fee for a general permit for industrial storm water discharges. The amendment would allow municipalities one year to bring their local storm water ordinances into compliance with any new or amended storm water rules that the Department of Environmental Protection adopts after the effective date of this amendment. It proposed to designate storm water rules as routine technical rules except for rules that are state mandates and it proposed to designate certain rules regarding the storage of petroleum products and quarries and borrow pits as routine technical rules until March 1, 2007. It also proposed to direct the Department of Environmental Protection to report to the joint standing committee of the Legislature having jurisdiction over
