122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Joint Standing Committee on Taxation

A penalty is established for withdrawal of land from current use valuation as working waterfront land. The penalty is the same as for withdrawal from tree growth current use valuation and is equal to the higher of the difference in taxes that would have been paid over the previous 5 years and a percentage of the difference between the current use value and the just value on the date of withdrawal. The percentage is 30% for land that has been classified for 10 years or less and decreases one percentage point each year until it reaches 20% after the land has been classified for 20 years.

Chapter 609 also requires the State Tax Assessor, in conjunction with interested parties, to analyze and report on sales experience of working waterfront land every 2 years and to make recommendations to improve the effectiveness of working waterfront current use valuation.
