122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

LD 2036

An Act To Facilitate the Hiring of Health Care Personnel during Emergency Circumstances

PUBLIC 630

<u>Sponsor(s)</u>		<u>Committee Report</u> OTP-AM		<u>Amendments Adopted</u> S-615
-------------------	--	-----------------------------------	--	------------------------------------

LD 2036 proposed to grant private institutions that hire or engage the services of licensed health care workers immunity from civil liability in the event of a declared health emergency, an extreme public health emergency or a disaster for any actions arising from allegations of inadequate investigation prior to their engagement, including, but not limited to, negligent hiring, credentialing or privileging, for services provided within the scope of such licensure.

Committee Amendment “A” (S-615) proposed several changes.

It proposed to delete from the extension of the immunity provided in the bill actions taken pursuant to the declaration of a health emergency declared by the Commissioner of Health and Human Services.

It proposed to require private institutions, such as hospitals, to first check for information about a health care worker with the appropriate licensing board within or affiliated with the Department of Professional and Financial Regulation. It also proposed to extend the immunity provided in the bill to private institutions that rely on the information provided by occupational and professional licensing boards that are within or affiliated with the Department of Professional and Financial Regulation.

It proposed to extend immunity provided in the bill to private institutions that rely on a registry that is operated or certified in accordance with federal requirements.

It proposed to delete from the bill the private institution's immunity when relying on an individual's own representation of status, preemployment screening or privileging review.
