122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

S-705

LD 2120 proposed a \$500,000 appropriation in fiscal year 2006-07 for infrastructure, including, but not limited to, water and sewer lines, for a new downtown area located outside the flood zone in the Town of Canton.

Committee Amendment “A” (S-705) proposed the bill be replaced with a resolve directing the Governor to submit emergency legislation to the First Regular Session of the 123rd Legislature that provides funding for the following:

1. The 15% state share of costs associated with the flood damage that occurred in York County in May 2006;
2. The balance of the 15% state share of costs associated with the flooding in spring 2005; and
3. An amount not less than \$500,000 for the relocation of the downtown area of the Town of Canton outside of the flood zone, including but not limited to infrastructure such as water and sewer lines.

The proposed funding must be provided in legislation dedicated solely to the purposes described in subsections 1, 2 and 3 and submitted no later than January 2, 2007.

A minority of the Joint Standing Committee on Appropriations and Financial Affairs proposed the bill be replaced with a General Fund bond issue in the amount of \$4,000,000 to provide funding for the State's share of cost associated with the flood damage that occurred in spring 2005, spring 2006 and for the relocation of the
