122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CANAVAN GAGNON	OTP-AM	H-1025

LD 2101, which was based on legislation introduced in Vermont, proposed to establish requirements for prepaid contracts for home heating oil, kerosene or liquefied petroleum gas. The bill proposed to prohibit a home heating oil, kerosene or liquefied petroleum gas dealer from entering into a prepaid contract to provide home heating oil, kerosene or liquefied petroleum gas with a consumer unless that dealer has obtained futures contracts, a surety bond or a letter of credit.

Committee Amendment "A" (H-1025) proposed to make a technical correction to the bill to provide a consistent reference to the type of security required for prepaid contracts.
