122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Joint Standing Committee on Criminal Justice and Public Safety

Enacted law summary

Public Law 2005, chapter 551 implements the recommendations of the Attorney General's working group regarding the advisability of implementing aggravating sentencing factors for crimes against persons who are homeless, which was established pursuant to Public Law 2005, chapter 393. Public Law 2005, chapter 551 amends the purpose section of the general sentencing provisions of the Maine Criminal Code by adding homelessness to the list of factors, such as the age, religion and sexual orientation of a victim, that a court considers in determining the gravity of an offense in sentencing.

Committee Report

Amendments Adopted

LD 2108 proposed to require a court, in a case involving gross sexual assault against a victim who has not yet attained 12 years of age, to specify a term of imprisonment for any term of years, including a term that exceeds 30 years, which is the maximum allowed for a Class A crime. The bill proposed that, in making its determination, the court is required to start with a basic period of imprisonment of 20 years; using that term as a starting point, the court may then increase or decrease the term of imprisonment based upon all other relevant sentencing factors, both aggravating and mitigating, appropriate to that case. These sentencing factors include, but are not limited to, the character of the offender and the offender's criminal history, the effect of the offense on the victim and the protection of the public interest. LD 2108 also proposed to impose probation for life for persons convicted of gross sexual assault against persons who have not attained 12 years of age and to require that these persons, when released from prison, be subject to supervision by the Department of Corrections that includes electronic monitoring for the duration of the probation.

LD 2108 was not referred to committee. Please see LD 1717.

Committee Report

Amendments Adopted

LD 2116 proposed to specify that, upon receiving information from a federal agency that through a criminal background check an individual subject to a protection from abuse order has illegally attempted to purchase a firearm, the Department of Public Safety shall share that information with the individual who is intended to be protected by the order and with another law enforcement agency with jurisdiction in the municipality in which that individual resides as quickly as practicable.

The bill also proposed to specify that the Department of Public Safety may accomplish the notification process by notifying another law enforcement agency within the county in which the individual intended to be protected by

the protection from abuse order resides. The bill proposed that when the department makes notification through such a law enforcement agency, that agency then must make reasonable effort to notify as quickly as practicable the individual intended to be protected by the protection from abuse order. The bill further proposed that if, when notifying another law enforcement agency, the department is informed by that agency that it cannot notify the individual intended to be protected by the protection from abuse order, the department must continue to make its own reasonable effort to notify that individual as quickly as practicable, and this may be accomplished through a different law enforcement agency within the county in which the individual resides.

The bill also proposed to clarify that the immunity provision does not prohibit the State or a political subdivision of the State from pursuing legally authorized disciplinary action.

This bill was introduced to replace LD 1938, as amended by Committee Amendment "A," which died between the bodies.
