records submitted by state and local forensic DNA laboratories and is derived from the Combined DNA Index System.

This bill requires all persons who have been convicted in Maine at any time of murder, a Class A, B or C crime, commonly known as felonies and specified other crimes to submit a sample for DNA testing and storage. The requirement is delayed until July 1, 2008 to allow the Chief of the State Police to develop a plan to obtain and store the DNA of all those persons who are subject to this sampling requirement who still reside in Maine. The chief is required to submit that plan to the Joint Standing Committee on Criminal Justice and Public Safety, which is required to submit a bill to the Second Regular Session of the 123rd Legislature to implement the plan.

The amendment requires a person who commits an offense that does not currently require the person to submit a DNA sample to submit a DNA sample if that person was convicted of an offense prior to January 1, 1996 that is an offense that would require submitting a DNA sample if committed on or after that date.
