LD 454 strengthens the truancy laws by making it a Class E crime for parents who fail to take corrective measures for truant children from kindergarten to grade 6.

Committee Amendment "A" (H-168)

This amendment is the majority report of the Joint Standing Committee on Education and Cultural Affairs. It clarifies that the truancy provisions apply to students 7 years of age and older. It requires that certain excusable absences be approved in advance, instead of just reported. It includes language for enforcement provisions in the truancy statutes for the unorganized territories.

House Amendment "A" (H-384)

This amendment removes the provision in the bill making it a Class E crime for parents who fail to take corrective measures for truant children from kindergarten to grade 6. It amends the definition of "jeopardy" in the statutes administered by the Department of Health and Human Services to include deprivation of education when the child is at least 7 years of age and has not completed grade 6. It requires a superintendent to include in the mandatory notice sent to parents of truant children that the superintendent is authorized to notify the Department of Health and Human Services of the truancy. It amends the definition of "abuse and neglect" to include violation of truancy laws by parents of children who are at least 7 years of age and have not completed grade 6. It allows a court to impose a fine not to exceed \$250 for habitual truancy and allows the court to suspend all or part of a fine for habitual truancy upon compliance with a court order issued in connection with the habitual truancy.
