This bill is a concept draft pursuant to Joint Rule 208. This bill seeks to adjust the school funding formula to require the unorganized territories to pay their full and fair share of educating students from the unorganized territories in kindergarten to grade 12.

Senate Amendment "A" (S-375)

This amendment removes the requirement in the Committee Amendment "A" that requires the Commissioner of Education to pay up to 110% of the receiving school administrative unit's established tuition rate for each elementary school student who is a tuition student from the unorganized territories and up to 110% of the state average per public secondary student cost for each secondary school student who is a tuition student from the unorganized territories. This amendment also removes the requirement from Committee Amendment "A" that requires the Commissioner of Education to compute the tuition paid for each tuition student and allocate the tuition costs to the property owners from the unorganized unit where the tuition student resides. Instead, this amendment requires the Commissioner of Education to pay each receiving unit's actual per student cost incurred for educating students in that receiving unit for both elementary and secondary students from the unorganized territories. This amendment removes the provision in current law that allows the commissioner to pay the lesser of the actual cost or the State average per-pupil cost.

Enacted Law Summary

Public Law 2007, chapter 424 requires the Commissioner of Education to pay each receiving unit's actual per student cost incurred for educating students in that receiving unit for both elementary and secondary students that are tuition students from the unorganized territories. The law removes the provision in current law that allows the commissioner to pay the lesser of the actual cost or the State average per-pupil cost for tuition students from the unorganized territories.
