compatibility and cost has been accomplished. This amendment requires the Public Utilities Commission within its existing resources to work with the Department of Public Safety and affected municipalities in Kennebec County to examine those issues and to report its findings and recommendations to the Joint Standing Committee on Utilities and Energy no later than January 1, 2008. The amendment authorizes the joint standing committee to submit legislation to the Second Regular Session of the 123rd Legislature.

### **Senate Amendment "C" (S-335)**

This amendment (not adopted) eliminates the requirement that the Public Utilities Commission amend its rules to require 2 public safety answering points in Kennebec County and instead delays implementation of the consolidation of public safety answering points in Kennebec County until October 1, 2009. This amendment requires the Department of Public Safety within its existing resources to work with the Public Utilities Commission and affected municipalities in Kennebec County to examine issues concerning software compatibility and cost and other potential configurations. It requires the department to identify a mechanism to ensure that any savings that will accrue from consolidation of public safety answering points in Kennebec County are returned to the affected member municipalities. It also requires the department to report its findings and recommendations to the Joint Standing Committee on Utilities and Energy no later than January 1, 2008 and authorizes the joint standing committee to submit legislation to the Second Regular Session of the 123rd Legislature.

**PUBLIC 42  
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
RINES	OTP-AM	H-30

This bill clarifies the emergency medical dispatch (EMD) role of public safety answering points (PSAP) and requires state licensure for all persons and entities engaged in EMD. The current statute requires certification only for PSAPs and dispatchers who are employed by the PSAPs. This bill provides flexibility for PSAPs to enter into cooperative agreements with non-PSAPs to provide EMD services and ensures that non-PSAPs engaged in EMD do so in accordance with rules established by the Emergency Medical Services' Board.

### **Committee Amendment "A" (H-30)**

This amendment eliminates a reference to January 1, 2007 in the bill to ensure that all provisions contained in the bill take effect upon the effective date of the legislation.

### **Enacted Law Summary**

Public Law 2007, chapter 42 clarifies the emergency medical dispatch (EMD) role of public safety answering points (PSAP) and requires state licensure for all persons and entities engaged in EMD. This law provides flexibility for PSAPs to enter into cooperative agreements with non-PSAPs to provide EMD services and ensures that non-PSAPs engaged in EMD do so in accordance with rules established by the Emergency Medical Services' Board.

Public Law 2007, chapter 42 was enacted as an emergency measure effective April 10, 2007.
