LD 758 An Act To Protect Household Pets and Other Animals from Poisoning

PUBLIC 336

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CAIN	OTP-AM	H-399

LD 758 requires that engine coolant or antifreeze that contains more than 10% ethylene glycol or propylene glycol must include an aversive agent that makes it taste bitter so that it is rendered unpalatable. This measure reduces the risk of poisoning of household pets and other animals.

Committee Amendment "A" (H-399)

The committee amendment reallocates the provisions requiring engine coolants containing more than 10% ethylene glycol to contain a bittering agent to the statutes administered by the Department of Agriculture, Food and Rural Resources. It removes the requirement in the bill that engine coolant or antifreeze containing more than 10% propylene glycol must include an aversive agent. It adds a limitation on liability for damage to the environment or natural resources or economic loss that results from the inclusion of an aversive agent. It delays the effective date until one year after 3 other northeastern states have enacted similar legislation.

Enacted Law Summary

Public Law 2007, chapter requires that engine coolant or antifreeze containing more than 10% propylene glycol include a bittering or aversive agent and provides limitations on liability for damage to the environment or natural resources or economic loss that results from the inclusion of an aversive agent. These provisions do not become effective until one year after 3 other northeastern states have enacted similar legislation.

**PUBLIC 262
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MILLS P	OTP-AM MAJ OTP-AM MIN	S-139

LD 852 prohibits a retail store from selling milk for a price that exceeds by 10% the minimum retail price established for payment by consumers by the Maine Milk Commission. The bill exempts sales of organic milk and sales to consumers by producer-dealers from the prohibition on excessive retail pricing. The bill also amends the definition of "target price" as that term is used in the dairy stabilization support statutes to include interest and depreciation on machinery and equipment.
