## **LD 875** An Act To Continue the Protection of Marine Waters and Organisms from the Risks Posed by the Applications of Pesticides

**PUBLIC 50  
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
	OTP-AM	H-46      PIEH

LD 875 extends the repeal date on statutory provisions relating to pesticides applications to control browntail moths by one year to March 31, 2008. In addition it amends the provisions to:

1. Allow application of pesticides by air-assisted sprayers to control browntail moths in the area between 50 and 250 feet of the mean high water mark;
2. Allow pesticides applications only when the wind is equal to or greater than 2 miles per hour and blowing away from marine waters;
3. Add applications by licensed commercial applicators using nonpowered equipment to other applications exempted from the restrictions and prohibitions in the Maine Revised Statutes, Title 22, section 1445;
4. Add Lincoln County to the area to which the restrictions apply;
5. Require the Department of Agriculture, Food and Rural Resources, Board of Pesticides Control to continue monitoring of allowed spray applications and direct the board to work with the Department of Marine Resources on sampling and analysis of marine water and sediment; and
6. Require the Board of Pesticides Control to report to the Joint Standing Committee on Agriculture, Conservation and Forestry by January 2, 2008.

### **House Amendment "A" (H-46)**

This amendment enacts the restrictions on pesticide applications for browntail moths that were repealed on March 31, 2007 with the substantive changes proposed by LD 875 as amended by Committee Amendment "A". LD 875 as amended by Committee Amendment "A" was not enacted prior to March 31, 2007. Therefore, it was necessary to enact revised provisions rather than amending the provisions existing prior to March 31, 2007.

### **Enacted Law Summary**

Public Law 2007, chapter 50 enacts a revised version of provisions originally enacted as Public Law 2005, chapter 50 establishing buffers and restrictions on the application of pesticides to control browntail moths in coastal areas of Cumberland, Lincoln, Sagadahoc and York Counties. These provisions are repealed on March 31, 2008. The Board of

Pesticides Control is required to monitor applications of pesticides using air-assisted sprayers in these areas and to report its findings and recommendations regarding air-assisted spraying to the Joint standing Committee on Agriculture, Conservation and Forestry and the Joint Standing Committee on Marine Resources by January 2, 2008.

Public Law 2007, chapter 50 was enacted as an emergency measure effective April 12, 2007.
