# An Act To Provide Certain Requirements for Rules Related to Rate Setting for Mental Retardation Services

PUBLIC 237 EMERGENCY

Sponsor(s)	<u>Committee Report</u>	Amendments Adopted
MILLS P	OTP-AM	S-126

This bill requires the Department of Health and Human Services to adopt nonemergency major substantive rules for rate setting for providers of mental retardation community services. The bill requires the department, in implementing the pilot program and subsequent rate setting for all providers under the mental retardation waiver, to establish methodology that includes resource allocation plans based on uniform standards for assessing the service needs of each person receiving services, adjustments for regional housing cost variations, employee-related expenses, operation expenses and transportation costs. It requires the department to adopt nonemergency major substantive rules for implementing managed behavioral health care services.

#### Committee Amendment "A" (S-126)

The amendment changes the title and removes the section pertaining to a methodology for provider rate setting under the mental retardation waiver as well as the section pertaining to rulemaking for managed behavioral health care services. It retains the section that requires the rules for the standardization of rates for providers of care to persons with mental retardation under the waiver to be major substantive rules and adds an emergency preamble and clause. The amendment removes from the bill the restriction that major substantive rules adopted by the Department of Health and Human Services with regard to rate setting for providers of services to persons with mental retardation be nonemergency rules and authorizes the Department of Health and Human Services to adopt major substantive rules on an emergency basis during calendar year 2007.

#### **Enacted Law Summary**

Public Law 2007, chapter 237 requires the rules for the standardization of rates for providers of care to persons with mental retardation under the waiver to be major substantive rules. The law authorizes the Department of Health and Human Services to adopt major substantive rules on an emergency basis during calendar year 2007.

Public Law 2007, chapter 237 was enacted as an emergency measure effective June 6, 2007.
