Joint Standing Committee on Utilities and Energy

Committee Amendment "A" (H-211)

This amendment replaces the bill and is the majority report of the committee. The amendment enables the governing body of a quasi-municipal or municipal water or sewer utility to reduce the connection fee or impact fee charged for the establishment of service when that service is being provided to newly constructed affordable housing units that are owner-occupied, single-family dwellings or condominiums. Any reduced connection fee or impact fee must be applied uniformly and must be credited to the purchaser of the affordable housing unit. The water or sewer utility is required to notify ratepayers of any reduction in the connection fee or impact fee and may allocate the cost of the fee reduction across all ratepayers.
