LD 1215 An Act To Attract New Capital for Innovative Businesses through Equity Investment in Maine

ONTP

Sponsor(s)	Committee Report	Amendments Adopted
MILLS P	ONTP	

This bill is a concept draft pursuant to Joint Rule 208.

The bill establishes a Fund of Funds whose governing board is authorized to issue shares in one or more venture capital funds focused on business sectors with strong prospects for expansion in Maine. At least 50% of the aggregate money raised through the fund must be invested in Maine. The board may guarantee a rate of return sufficient to attract necessary capital for diversified investments in the sectors targeted by each fund. Should any fund fall short of its guarantee in the third to tenth year of its existence, investors may be awarded refundable state tax credits to pay 50% of the loss. Aggregate credits may not exceed \$20,000,000 per year.

If the Maine State Retirement System chooses to invest in any of the funds, the State will appropriate 50% of any losses the Maine State Retirement System may incur during the third to tenth years of share ownership.

Each year that any fund returns a profit in excess of the return owed to shareholders, 50% of the excess must be deposited into a separate guarantee account to be held and conservatively invested by the governing board. Shares issued more than 10 years after the effective date of this bill will no longer be entitled to state tax credits. Recourse will be limited to payments from the guarantee account upon such terms and conditions as the governing board may determine.

See LD 2320 for the committee bill reported out pursuant to S.P. 873 on this subject.
