ACCEPTED ONTP REPORT

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
WAGNER	ONTP MAJ OTP-AM MIN	

LD 1264 gives municipalities the authority to plant, trim, cut and remove trees in the right-of-way, after giving notice to the abutting property owners. The property owners have the opportunity to appeal the decision and negotiate changes. Municipalities retain the authority to cut and remove trees without notice in emergency situations. Municipalities are required to adopt standards governing many aspects of maintaining trees in the right-of-way, including setbacks and utilities' plans to trim, cut and remove trees. Utilities are required to give customers and abutting landowners in the municipality notice of plans to cut, trim or remove trees in the right-of-way or that encroach on the right-of-way. Notice must also be posted at the municipal office.

Committee Amendment "A" (H-136)

This amendment, which is the minority report, amends the bill so that municipalities are not required to adopt ordinances or standards but may choose to do as long as those ordinances or standards do not include restrictions on utility companies. The amendment removes the requirements for utilities to comply with municipal standards or to provide additional notice to customers other than those requirements that currently exist in state law.
