This bill provides several revisions to the Essential Programs and Services Funding Act that are designed to achieve the goals of adequacy and equity in the funding of education for kindergarten to grade 12 public schools in the State. The bill accomplishes the following.

1. It requires that the per-pupil targeted technology resource funds be paid to the school administrative unit or private school that each tuition student attends in addition to tuition rates calculated pursuant to the Maine Revised Statutes, Title 20-A, chapter 219.
2. It removes the provisions in funding formula that recognize the allocation of federal resources that are provided to school administrative units.
3. It requires that, beginning in fiscal year 2007-08, the regional adjustment to the salary and benefits costs of teachers and other school personnel that is based on labor market areas in the State must be at least 1.0 for all labor market areas in the State.

LD 1385 changes the courses required for a high school diploma to include 2 years of courses in the fine arts, which may include art, music, forensics or drama. Current law requires one year of courses in the fine arts. The bill also requires that, when assessment of secondary students is required in the content areas of the system of learning results, student achievement in the visual and performing arts be assessed based in part on a portfolio or performance.

Committee Amendment "A" (H-169)

This amendment, minority report of the committee, removes "forensics" from the disciplines listed as fine arts and adds "dance." The minority report was not adopted.
