## Committee Amendment "A" (H-407)

This amendment provides that farm support payments may be an amount up to 100% of property taxes assessed by a municipality but no more than the fair market value of the easement provided to the municipality under the farm support arrangement. The amendment also provides that a qualified easement that is part of a farm support arrangement may be for any term not less than 20 years. The amendment also makes a technical change.

### Enacted Law Summary

Public Law 2007, chapter 301 allows a municipality to enter into arrangements under which the municipality obligates itself to make farm support payments to an owner of qualified farmland who grants to the municipality an easement for at least 20 years protecting the farmland from development. Support payments may equal up to 100% of property taxes but no more than the fair market value of the easement. The Department of Agriculture, Food and Rural Resources is directed to adopt major substantive rules governing such arrangements.

The fund is supported by contributions through a voluntary checkoff on the income tax return form and through direct donations.

## LD 1433 An Act Providing Senior Citizens with an Optional Deferred Payment Plan for the Payment of Property Taxes

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HARLOW SNOWE-MELLO	ONTP	

This bill allows a municipality to establish a municipal property tax deferral program. The program would allow a resident who is at least 65 years of age and whose annual income is not more than 300% of the poverty level to pay property taxes on that person's homestead at the rate that was in effect on that person's 65th birthday, the date the person purchased the homestead or April 1, 2007, whichever is later. The assessment remains at that level until the residence is sold or transferred, the person elects to stop participating or the person is no longer eligible to participate in the program. At that time, all property taxes assessed on the property but deferred because of participation in the program must be paid to the municipality. Deferred taxes that are not paid within the required time accrue interest.

In order to offset the temporary loss of revenue caused by persons participating in the program, the municipality may, upon approval of its voters, impose an additional assessment of up to 2% of the taxes deferred upon property in the municipality. The revenue from the additional assessment must be kept in a dedicated escrow account and used solely for the administrative costs of the program.
