LD 1566 An Act To Allow the State Timely Opportunity To Participate in Settlement Negotiations for MaineCare Benefits

PUBLIC 381

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
WEBSTER	OTP-AM	S-306 BRANNIGAN

Current Maine law requires recipients or their attorneys to notify the Department of Health and Human Services when they make a claim to recover the medical costs that were paid by MaineCare. The current law does not specify when the notification must be made. A recent U.S. Supreme Court decision, *Arkansas v. Ahlborn*, requires states to further refine their laws to allow states to participate in negotiations in a timely manner. This bill grants the State that authority by requiring that notification be made prior to when settlement negotiations begin.

Senate Amendment "A" (S-306)

This amendment clarifies the obligation to provide notice to the Department of Health and Human Services when a MaineCare recipient has received benefits paid for by the MaineCare program.

Enacted Law Summary

Public Law 2007, chapter 381 clarifies the obligation to notify the Department of Health and Human Services when a MaineCare recipient's claim for medical expenses paid by MaineCare is negotiated to settlement or paid.

LD 1567 Resolve, To Demonstrate Cost Savings by Preventing the Onset of Severe Mental Illness in Youth

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
EBERLE		H-204

This resolve directs the Department of Health and Human Services to initiate a demonstration program to determine whether the methods used by the Portland Identification and Early Referral Program (PIER) can have the effect of preventing a substantial number of new cases of psychosis and psychotic disorders in young people from 12 years of age to 25 years of age. The demonstration program would provide financial resources to PIER to continue to prevent new cases of psychosis and psychotic disorders in the greater Portland area and would provide training and consultation necessary to ensure that a new program developed in the State will be as effective and reliable as PIER.

Committee Amendment "A" (H-204)

This amendment adds a calculation and transfer section allowing the State Budget Officer to distribute costs associated with this program among various accounts within the Department of Health and Human Services and adds an appropriations and allocations section to the resolve.

This bill was carried over to any special or regular session of the 123rd Legislature by Joint Order, HP 1369.
