Administrative Units of Multiple Municipalities**

**ACCEPTED ONTP
REPORT**

This bill changes the cost-sharing formula for municipalities in school administrative units composed of more than one municipality. Beginning July 1, 2009, each municipality's contribution to the total cost of education is determined by a cost-sharing formula established by the Department of Education by rule. The formula must establish the contribution levels in a manner that ensures that no less than 50% of the entire unit's contribution to the total cost of education is shared primarily on the basis of the comparative wealth of each member municipality calculated at least in part by the property fiscal capacity of each municipality. The formula must also include the relative pupil counts of member municipalities and may include other factors the department determines relevant and appropriate. The department is directed to establish the details of the formula by routine technical rule.
