an election. The definition also refers to a separate or segregated fund established to influence elections. The bill also requires that an organization that does not have a major purpose to influence elections form an affiliated political action committee if the organization spends more than \$5,000 in any calendar year to influence an election. The bill also establishes how a political action committee affiliated with another organization must report contributions, funds transfers and donated staff time from that organization. The bill repeals the Maine Revised Statutes, Title 21-A, section 1056-B, which required reports from any person other than a political action committee than raised or spent more than \$1,500 to influence an election.

Committee Amendment "A" (S-402)

This amendment replaces the bill. It amends the definition of "political action committee" by adding clarifying language and by including in the definition, any organization whose major purpose is not influencing candidate elections but spends more than \$5,000 in a calendar year for the purpose of influencing the nomination or election of any candidate to political office. The amendment specifies that political action committees must file a report with the Commission on Governmental Ethics and Election Practices within 7 days of meeting the definition of "political action committee" and clarifies what must be included in the report. This amendment also changes the reporting threshold from \$1,500 to \$5,000 for persons who are not political action committees but make expenditures, including paid staff resources, for the purposes of influencing a ballot measure. Those required to file a report under this requirement are called ballot question committees. Ballot question committees, under this amendment, are required to report expenditures and contributions from a single source aggregating in excess of \$100 in any election that were made for the purpose of influencing a ballot measure. The amendment specifies what is considered a contribution for the purposes of filing a ballot measure committee report and details record-keeping requirements.

INDEF PP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MARTIN	OTP MAJ ONTP MIN	

This bill was carried over from the First Regular Session, proposes to adopt the interstate compact that is the agreement among the states to elect the President of the United States by national popular vote. Under the compact and the bill, the presidential candidate who receives the most popular votes in all 50 states and the District of Columbia will win the presidency. Under this bill, all of the state's electoral votes would be awarded to the presidential candidate who receives the most popular votes in all 50 states and the District of Columbia.

This bill would take effect only when enacted by states possessing a majority of the electoral votes, that is, enough electoral votes to elect a President, which is 270 of 538.
