LD 1852 An Act To Provide Taxpayer Relief

ONTP

LANSLEY	ONTP	

This bill proposes to restrain the growth in state and local government by imposing expenditure limitations on state and local government and by requiring a procedure of voter approval of certain tax and fee increases.

Under this bill, growth in annual expenditures of the General Fund, the Highway Fund and Other Special Revenue Funds are limited according to increases in population and inflation. For the General Fund and Highway Fund budgets, revenues exceeding the expenditure limitation must be distributed by directing 20% of that excess to a budget stabilization fund and 80% of that excess to a tax relief fund. The budget stabilization funds may be used only in years when revenues are not sufficient to fund the level of expenditure permitted by the growth limits. The tax relief funds must be used to provide tax relief through refunds proportional to individual income tax personal exemptions claimed in the previous tax year or a decrease in motor fuels taxes. For state agencies that manage Other Special Revenue Funds, the managers of those funds must report excess surpluses to the Legislature with a plan for refund of those revenues.

State expenditure limits contained in this bill could be exceeded by a 2/3 vote of each House of the Legislature and approval by the voters. Local district expenditure limits could be exceeded by a majority vote of the voters of the local district.

Under this bill, an increase in state revenue would be possible only by a 2/3 vote of each House of the Legislature and the approval of the voters.
