### **LD 2046** An Act Concerning Certain Excavations

PUBLIC 616

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
FLOOD	OTP-AM	H-897

The bill clarifies that new protections to waterfowl wading habitat apply to new excavations and do not apply to gravel pits and quarries authorized by the Department of Environmental Protection prior to June 8, 2006. The bill also amends the performance standards for gravel pits and quarries to clarify that the department may allow excavation if a permit has been obtained under the Natural Resources Protection Act.

#### **Committee Amendment "A" (H-897)**

This amendment replaces the bill. The amendment clarifies the Natural Resources Protection Act permitting requirements for excavation within high and moderate value inland waterfowl and wading bird habitat. The amendment exempts from the site location of development law accessory uses and facilities within an excavation or quarry operating under the performance standards as long as the performance standards are at least as restrictive as the standards imposed under the site law. The amendment adds a lighting standard to the performance standards for gravel pits and quarries. The amendment directs the Department of Environmental Protection to compile and share information regarding inland waterfowl and wading bird habitat with gravel pits and quarries that were authorized prior to June 8, 2006.
