## Joint Standing Committee on Utilities and Energy

Commission to ensure that, for the period of the AFOR, ratepayers may not be required to pay more for local phone service under the AFOR than they would have under traditional regulation. The amendment preserves the provision in the bill that requires the Public Utilities Commission to conduct a revenue requirement and earnings review of a telephone utility prior to the adoption or renewal of an AFOR and clarifies that this requirement applies when the AFOR includes a provision prohibiting a rate case for a set period of time. Finally, the amendment provides an application section to specify that the requirements established in this legislation do not apply to any AFOR proceeding that is pending on the effective date of this Act.

### Enacted Law Summary

Public Law 2007, chapter 550 requires the Public Utilities Commission to conduct a revenue requirement and earnings review of a telephone utility prior to the adoption or renewal of an alternative form of regulation (AFOR) and clarifies that this requirement applies when the AFOR includes a provision prohibiting a rate case for a set period of time. These requirements do not apply to any AFOR proceeding that is pending on the effective date of this law.
