An Act To Prohibit Telephone Charges Not Representing Services or Fees Requested by the Customer or Authorized by the Government

PUBLIC 36

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
ADAMS BOWMAN	OTP-AM	H-32

This bill prohibits a telephone utility from including line-item charges on telephone bills, except those that represent actual services that are requested by a customer or that are specifically required by federal or state law.

Committee Amendment "A" (H-32)

This amendment replaces the bill. The amendment prohibits a telephone utility from charging a customer for any service, tax or fee that is not authorized by the customer or authorized or required by the State or the Federal Government. It specifies that a charge may only be listed as a separate line-item charge on the bill when the charge represents a service or fee authorized by the customer or a tax, fee or charge authorized or required by the State or the Federal Government. It also adds language to prohibit a telephone utility from including in a line-item charge anything that is charged for elsewhere on the customer's bill and requires that a clear description of line-item charges be included on telephone bills.

The amendment also authorizes the Public Utilities Commission to impose an administrative penalty for violations up to \$1,000 per violator for violations arising out of the same incident or complaint. It requires the commission to provide a simple process for a customer to report a line-item charge the customer believes may be in violation. Finally, it clarifies that this provision is not intended to limit any enforcement action or penalty pursued by the Attorney General under the Maine Unfair Trade Practices Act.
