# *Joint Standing Committee on Agriculture, Conservation and Forestry*

This resolve is submitted by the Joint Standing Committee on Agriculture, Conservation and Forestry under authority granted in Public Law 2007, chapter 660, An Act to Promote the Agricultural Economy. The resolve directs the Department of Agriculture, Food and Rural Resources to review regulatory processes affecting agricultural businesses and examine the feasibility of developing a one-stop, streamlined regulatory process and publicly accessible website portal. It directs the department to develop a regulatory flow chart and post it on its publicly accessible website by September 15, 2009. The resolve also directs the department to review and draft changes to the rules related to the licensing of certain types of food production and processing and the rules governing meat and poultry inspection and licensing. It requires the department to identify steps for streamlining the State's meat and poultry inspection and licensing process and to enhance coordination with the United States Department of Agriculture's inspection program as well as leverage federal resources, including resources to increase the availability of hazard analysis and critical control points training. The resolve requires the department to present a report to the Joint Standing Committee on Agriculture, Conservation and Forestry by January 15, 2010 that includes findings and recommendations including any draft legislation and proposed rule changes needed to implement the recommendations. The resolve gives the Joint Standing Committee on Agriculture, Conservation and Forestry authority to submit a bill to the Second Regular Session of the 124th Legislature related to the report.
