## Joint Standing Committee on Inland Fisheries and Wildlife

Public Law 2009, chapter 70 amends the laws governing baiting to:

- 1. Require a person placing bait to plainly label the bait site with a 2-inch-by-4-inch tag identifying the name and address of the person establishing the bait site;
- 2. Provide that a person may not hunt at a bait site established by another person unless that person has permission from the person that established the bait site; and
- 3. Require the person that established the bait site to remove the bait and the bait label and clean up the bait site after the landowner requests the removal of that bait or within 20 days from the last day the person that established the bait site hunted over that bait.

These requirements do not apply to bear baiting or bait placed on the ice of inland waters.
