REPORT A
(ONTP)**

PINKHAM	ONTP A OTP-AM B REF TO ACF C	

This bill defines "biomass heating fuel" as wood pellets or corn or grain that is in a form designed to be used as heating fuel for residential purposes. It requires packages containing biomass heating fuel that are sold in this State to be labeled in a manner that clearly indicates whether the biomass heating fuel meets quality assurance standards established by the Department of Environmental Protection. It requires the Department of Environmental Protection to adopt major substantive rules to establish labeling standards for packages of biomass heating fuel weighing 60 pounds or less intended to be sold in stores to the general public that incorporate standards established by a national pellet fuels trade association and permit the use of the logo, terms and grades established by the national pellet fuels trade association only if the biomass heating fuel meets that association's relevant quality assurance standards. It makes a violation an unfair trade practice as prohibited by the Maine Revised Statutes, Title 5, section 207.

Committee Amendment "A" (H-54)
