HASKELL	OTP-AM	H-79

This bill defines the terms "community agency," "community intervention program," and "nonprofit" and authorizes the Department of Corrections to adopt routine technical rules that establish standards and procedures for the certification of community intervention programs. The department may review and certify programs that meet standards and may require certification of programs providing services to clients of the department whether or not the department disburses funds to the agency. Certification is intended to ensure that programs that provide intervention services are based on best practices and are proven to be effective in changing criminal behaviors.

### **Committee Amendment "A" (H-79)**

This amendment requires that the Department of Corrections consult other state agencies if adopting rules to establish standards and procedures for certification of community intervention programs. This amendment is proposed in recognition of the fact that other state agencies are already involved in the certification and licensing of various programs, services and professions and coordination of efforts makes sense.

### **Enacted Law Summary**
