Committee Amendment "A" (H-272)

This amendment clarifies the definition of "practice of denturism" to include the fitting of a denture to an edentulous or partially edentulous arch or arches, including the making, producing, reproducing, constructing, finishing, supplying, altering and repairing of dentures, without performing alteration to natural or reconstructed tooth structure. It allows a denturist, upon the receipt of a written statement of oral condition by a licensed dentist, to complete clinical procedures related to the fabrication of a removable tooth-borne partial denture, including cast frameworks. It also amends the requirements for licensure as a denturist to require that, beginning October 1, 2009, in addition to the examination, all applicants must be graduates of a board-approved denturism postsecondary institution. Denturists licensed in this State prior to October 1, 2009 that do not have a diploma from a board-approved denturism postsecondary institution are required to successfully complete an upgraded curriculum approved by the board within 2 years before a license may be issued or renewed.
