LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* summarizes all bills and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 124th Maine Legislature.

The *Digest* is arranged alphabetically by committee, and within each committee by LD number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. The appendices include a summary of relevant session statistics, an index of all bills by LD number and an index of enacted laws by law type and chapter number.

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

An Act To Allow the Operation of Modified Utility Vehicles on Public Ways

**ACCEPTED ONTP
REPORT**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DAMON	ONTP MAJ OTP-AM MIN	

This bill allows a modified utility vehicle, commonly known as a utility vehicle, recreational utility vehicle or multipurpose utility vehicle, to be registered and operated in Maine with certain limitations.

A modified utility vehicle that meets specified equipment requirements may be operated on Maine roads with a posted speed limit of 45 miles per hour or less. Due to its modifications, a modified utility vehicle is not an ATV or off-road vehicle. Like a low-speed vehicle, a modified utility vehicle is exempt from inspection requirements and is registered by application to the Secretary of State, which application must be accompanied by proof of ownership, proof of financial responsibility and proof of payment of excise tax.

In order to avoid the cost of printing a new registration plate specifically for modified utility vehicles, a modified utility vehicle is issued a motorcycle registration plate.

Committee Amendment "A" (S-80)

This amendment, which is the minority report of the Joint Standing Committee on Transportation, clarifies the definition of "modified utility vehicle" and provides that a modified utility vehicle may be a modified all-terrain or off-road vehicle.

LD 767

An Act To Promote Fairness and Protect Economic Development in Transportation Projects Undertaken by the State

PUBLIC 454

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DAMON	OTP-AM	S-213

This bill provides a mechanism for a property owner to sell land to the State that has been identified in a transportation planning process as likely to be taken in a pending eminent domain proceeding.

Committee Amendment "A" (S-213)

This amendment provides that if the Department of Transportation is preparing an environmental impact statement as required by the federal National Environmental Protection Act of 1969 for permitting for the location of a new bypass highway project, and property will be affected by the limits of the final bypass right-of-way, and the property owner submits a request in writing that the department acquire that portion of property determined necessary for the new bypass highway project, the department is directed to acquire that property if the following 2 conditions are met. First, the department must have received a least environmentally damaging practicable alternative determination from the United States Army Corps of Engineers that will be incorporated into the environmental impact statement for corridor alignment indicating that certain property will be necessary. Secondly, the fair market value must be determined according to current law under the laws governing the State Claims Commission.

The amendment further directs the department to acquire affected properties within 2 years from the date of issuance
