# Joint Standing Committee on Business, Research and Economic Development

This bill is a concept draft pursuant to Joint Rule 208. It proposes to require written consumer contracts involving \$100,000 or less to meet certain criteria in order to be clear and readable, including:

1. Adequately informing the consumer of the rights and duties fixed by the contract;
2. Using words with common everyday meanings to the extent practicable;
3. Being appropriately divided into sections with captions and paragraphs; and
4. Being printed in at least 10-point type with at least one point of leading between lines and in an ink that contrasts sufficiently with the paper.

Exceptions to the clear and readable standard include words, phrases or forms of agreement required by law or governmental entity or technical terms customarily used in a particular industry or area if there are no clear and readable substitutes for those terms. The Attorney General would enforce the provisions of this bill.

## LD 892 An Act To Improve Assistance for Technology-based Entrepreneurs

PUBLIC 90

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SCHNEIDER	OTP	

This bill provides a broader set of assistance options for technology-based entrepreneurs than currently available through the applied technology development centers. Since the outreach will no longer be confined by physical locations, technology-based entrepreneurs will have access to more targeted services. Adapting the current program to be more responsive and far-reaching will foster high-growth entrepreneurship, which has been found to have a significant impact on economic growth.
