This bill establishes the Maine Strategic Planning Fund for Research and Development, to be administered by the Department of Economic and Community Development, Office of Innovation for the purposes of administering grants for business planning, technical assistance, marketing and strategic planning to private research and development companies that are eligible to receive general obligation bond proceeds for research and development purposes. LEAVE TO WITHDRAW

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CAIN RECTOR	LTW	

This bill implements the recommendations of the Department of Economic and Community Development relating to streamlining and improving the comprehensive economic development evaluation for the State's economic development programs and incentives. It also reduces duplicative statutory reporting requirements that will be included in the department's comprehensive evaluation process. The bill also amends the definition of "economic development incentive."

It also increases the maximum budget amounts of contributing programs and organizations that can be assessed for economic development evaluation and research and development evaluation. It repeals the provision of law that allows the State Tax Assessor to withhold reimbursement for taxes paid on certain business property from a claimant who has failed to provide certain information to the Department of Economic and Community Development.
