This bill allows a municipality, by vote of its residents, to establish a municipal property tax deferment program. The program would allow a resident who is at least 65 years of age and whose annual income is not more than 300% of the poverty level to pay property taxes on that person's homestead at the rate that was in effect during the year the person attained at least 65 years of age, the date the person purchased the homestead or April 1, 2009, whichever is latest. The payment remains at that level until the residence is sold or transferred, the person elects to stop participating or the person is no longer eligible to participate in the program. At that time, all property taxes assessed on the property but deferred because of participation in the program must be paid to the municipality. Deferred taxes that are not paid within the required time accrue interest.

In order to offset the temporary loss of revenue caused by persons participating in the program, the municipality may, upon approval of its voters, impose an additional assessment of up to 2% of the taxes deferred upon property in
