### **Committee Amendment "A" (H-404)**

This amendment replaces the emergency bill with a nonemergency resolve that directs the Education Research Institute to include a targeted research project in the fiscal year 2009-10 work plan. The amendment provides that the project agreement with the Education Research Institute must include a project to address the impact of the adjustments in the school funding formula related to school administrative units that are eligible for the minimum state share of their total allocation. Following receipt of the report from the Maine Education Policy Research Institute, the Joint Standing Committee on Education and Cultural Affairs may report out legislation to the Second Regular Session of the 124th Legislature.
