Amendments Adopted

This bill restructures the excise tax imposed on motor fuels by:

1. Reducing the motor fuel excise tax imposed on gasoline from the current inflation adjusted rate of 28.4¢ per gallon to 21¢ per gallon and on diesel fuel from the current inflation adjusted rate of 29.6¢ per gallon to 21¢ per gallon;

2. Creating a price-based excise tax component to be added to the excise tax on gasoline and diesel fuel. The new component is determined annually beginning in 2010 and is based on the average retail price of gasoline or diesel fuel for New England for the previous year. The maximum increase in the overall excise tax is limited to 10% annually, except for the first year of implementation;

3. Repealing the annual indexing of motor fuels to the rate of inflation; and

4. Transferring 8¢ per gallon and 70% of the amount in excess of 8¢ of the price-based excise tax component to the TransCap Trust Fund.
