**Resolve, To Authorize a Pilot Project on Ranked Choice Voting**

**INDEF PP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
RUSSELL ALFOND	ONTP MAJ OTP-AM MIN	

This resolve establishes a 2-year pilot project overseen by the Secretary of State that involves ranked choice voting to determine a majority winner in municipal elections with 3 or more candidates. The pilot project will involve up to 10 municipalities selected by the Secretary of State to implement ranked choice voting in municipal elections that are held at a different time than a statewide election, are secret ballot elections and are for offices in which only one candidate is being selected. The ranked choice voting ballot allows the voter to rank in descending order of preference the voter's second and subsequent choices for office after marking the voter's first choice for office. If, after the initial round of voting there is not a majority winner, the candidate with the least amount of votes is eliminated with all choices behind that candidate moved up in preference on each ballot. A second and subsequent rounds of voting are held using this process until a candidate receives a majority of votes for the office. For purposes of the rights of political parties, the amount of votes a candidate of a political party receives in the first round of tabulation is considered the amount of votes that candidate received in the election for that office. This resolve directs the Secretary of State to submit a report concerning the pilot project and any recommended legislation to the 125th Legislature.
