This bill imposes a state excise tax per megawatt hour of electricity transmitted over certain high-voltage electric transmission property. The bill also creates the Maine Transmission Mitigation Trust and the Maine Transmission Mitigation Trust Fund. The revenue from the imposition of the state excise tax on certain high-voltage electric transmission property is deposited in the trust fund, which is managed by the trust. The trustees of the trust are required to distribute 20% of the trust fund, up to \$10,000,000, annually to municipalities that have submitted winning bids to the trust for projects to install underground utility infrastructure. The remainder of the trust fund must be paid to electricity customers in proportion to each customer's purchases of electricity transmitted over the State's transmission and distribution utilities transmission lines.
