Joint Standing Committee on Criminal Justice and Public Safety

This resolve requires the Commissioner of Health and Human Services to establish a blue ribbon task force to examine the Attorney General's recent task force report on the issue of police shootings in confrontations with people with mental illness and to recommend protocols to avoid lethal confrontations. The proposed task force must include members who represent public safety, mental health care and judicial services and members of the public. The blue ribbon task force is also directed to review the findings of the recent report of the Mental Health Homicide, Suicide and Aggravated Assault Review Board and ways that the public safety, judicial system and mental health fields interrelate in order to improve communication. The task force shall look at other states' procedures and protocols and review information from the National Alliance on Mental Illness. Finally, the task force shall make a recommendation about having a specially trained State Police tactical team respond to a dangerous situation involving a person with a mental illness. The commissioner will report to the Joint Standing Committee on Criminal Justice and Public Safety by March 1, 2010 with recommendations and suggested legislation of the blue ribbon task force. The joint standing committee is authorized to submit legislation to the Second Regular Session of the 124th Legislature to implement the recommendations.

Committee Amendment "A" (H-414)

This amendment is the minority report and it replaces the resolve and renames it. The amendment directs the Department of Corrections, the Department of Health and Human Services, the Department of Public Safety and the Judicial Department to work together to convene the Blue Ribbon Task Force on Law Enforcement, the Courts, the Correctional System and Persons with Mental Illness. The blue ribbon task force must review information from this State and other states regarding the costs, outcomes and effectiveness of the following issues: services to persons with mental illness, including but not limited to crisis services and community-based and facility-based mental health and substance abuse services, and the costs and delivery systems for those services; training for providers of mental health services regarding and procedures for coordination with law enforcement, the courts and the correctional system; training for law enforcement, the courts and correctional personnel regarding mental illness, working with persons with mental illness, working with persons with mental illness who also require substance abuse services, working with providers of services to persons with mental illness including providers of crisis services and substance abuse services and coordination with providers of services to persons with mental illness; any available information from the Mental Health Homicide, Suicide and Aggravated Assault Review Board established pursuant to the Maine Revised Statutes, Title 34-B, section 1931; and best practices for interactions between persons with mental illness, law enforcement, the courts, the corrections system and providers of services to persons with mental illness.

The amendment also requires a report from the agencies on the work of the blue ribbon task force by January 15, 2010 to the Joint Standing Committee on Health and Human Services and the Joint Standing Committee on Criminal Justice and Public Safety. This amendment was not adopted.
