This resolve directs the Department of Health and Human Services to conduct a 2-year pilot program to demonstrate the effectiveness of placing homeless individuals who have been diagnosed with mental illness or dually diagnosed with mental illness and chemical dependency in stable housing and providing long-term support in accordance with Maine's Plan to End and Prevent Homelessness adopted March 11, 2008 by the Maine State Housing Authority's Statewide Homeless Council. The program involves 9 caseworkers serving 20 clients each in finding the clients stable housing using rental assistance vouchers and continuing outreach and support to the clients for the term of the program.

This bill clarifies that a portion of an ambulatory surgical facility functioning as the office of a health care practitioner that contains major medical equipment is considered to be a health care facility.

This bill adds medical office buildings owned or subsidized by a hospital or a hospital's parent company to the definition of "hospital" and deletes the definition of "replacement equipment."

This bill eliminates indexing and changes the capital expenditure threshold from \$2,400,000 to \$2,000,000.

This bill eliminates the exemption of replacement equipment from the certificate of need requirements.

This bill changes the category of rules adopted for procedures after voluntary nursing facility reductions from major substantive to routine technical rules.

This bill exempts energy-efficient improvements in nursing facilities from MaineCare neutrality calculations. This bill includes the cost of energy-efficient improvements in nursing facilities in the overall improvement cost when determining whether the thresholds are triggered.

This bill states that the certificate of need record opens on the day the Department of Health and Human Services receives a certificate of need application instead of the day the department receives a letter of intent.

This bill requires the certificate of need applicant to schedule a meeting within 30 days of filing a letter of intent, instead of requiring the meeting to occur within 30 days. The department is required to give public notice that there will be a public informational meeting within 10 business days, instead of 5, of receipt of an applicant's certificate that the complete certificate of need application is on file with the department.
