Carried Over

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JONES		H-364

This bill requires licensed, certified or registered providers to secure a criminal background check prior to hiring or placing a person who will have direct contact with a consumer. Providers will pay for the criminal background checks. Some providers are currently required by statute to obtain criminal background checks, and this bill adds several more providers, including hospitals, nursing facilities, ambulatory surgical facilities, intermediate care facilities for persons with mental retardation, assisted housing programs, children's homes, end-stage renal disease facilities, drug treatment centers, child placing agencies, hospice programs, agencies and facilities providing mental health services, temporary nurse agencies and nursery schools. This bill authorizes the Department of Health and Human Services to investigate complaints against temporary nurse agencies and provides enforcement mechanisms for violations. This bill requires the department to use income from penalties to improve the quality of care for residents of long-term care facilities.

This bill was carried over by Joint Order, H.P. 1053 to any special or regular session of the 124th Legislature due to action of the Joint Standing Committee on Appropriations and Financial Affairs.

Committee Amendment "A" (H-364)

**PUBLIC 387
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
	OTP	

This bill is emergency legislation.

This bill amends the law on the confidentiality of patient health care information by adding a health information exchange to the provision that allows health care practitioners and health care facilities to disclose information to agents, employees and contractors of practitioners and facilities to carry out the usual and customary activities relating to the delivery of health care and for the purposes of billing, risk management, quality assurance, utilization review and peer review. The bill provides an opt-out mechanism for individuals.

It authorizes the MaineCare program to transfer that same information for the purposes of diagnosis, treatment or care of MaineCare members while retaining protection for sensitive health information that is controlled by other provisions of state or federal law and providing an opt-out mechanism for members.

This bill requires a report to the joint standing committee of the Legislature having jurisdiction over health and human services matters by January 15, 2011.
