## Joint Standing Committee on Labor

It clarifies that during Chapter 11 bankruptcy proceedings there is no right to severance pay unless the filing is later converted to a filing under Chapter 7. It includes language regarding a mass layoff and directs an employer to report the expected duration of a layoff within 7 days to the Director of the Bureau of Labor Standards. The director shall, at least every 30 days, require the employer to update the employer's report for the director to determine whether the layoff constitutes a termination or relocation. This amendment includes a retroactivity clause dated March 31, 2009.

Public Law 2009, chapter 305 was enacted as an emergency measure effective June 8, 2009.

This bill amends the definition of "dislocated worker" used to establish eligibility for extended unemployment benefits for workers in an approved training program. It extends coverage beyond those laid off as a result of a plant closing to those who have been terminated or laid off as a result of a reduction in operations at their place of employment. The bill removes the provision making individuals who previously completed an approved training program ineligible for the extended unemployment benefit program for dislocated workers. It also updates cross-references to approved training programs to reflect current additions to this list. Finally, it directs the Commissioner of Labor to examine the State's unemployment insurance program to determine why the State's percent of unemployed workers receiving unemployment benefits appears low relative to other states.

#### **Committee Amendment "A" (H-321)**

This amendment requires the Commissioner of Labor to report on the status of persons who are receiving extended benefits for dislocated workers in approved training and have previously received such benefits in the commissioner's annual report due to the Committee on Labor each March 1st.
