LD 1720 **Resolve, Regarding Waste-to-energy Power**

RESOLVE 163

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SOCTOMAH	OTP-AM	H-650

This bill is a concept draft pursuant to Joint Rule 208. This bill proposes to amend current law to adapt the State's energy policy and laws as they relate to the Passamaquoddy Tribe to accommodate federal waste-to-energy developments currently before the United States Congress in the American Clean Energy and Security Act of 2009.

Committee Amendment "A" (H-650)

This amendment replaces the bill, which was a concept draft, with a resolve. The amendment directs the Executive Department, Governor's Office of Energy Independence and Security to examine the issue of qualifying certain waste-to-energy power for renewable energy credits and renewable resource portfolio requirements, with consideration of relevant policy developments, technologies, potential implications and current laws. In conducting the examination, the office is required to consult with the Passamaquoddy Tribe, the Department of Environmental Protection, the Public Utilities Commission and the Efficiency Maine Trust. This amendment requires the office to submit a report of its findings and recommendations by February 15, 2011 to the joint standing committee of the Legislature having jurisdiction over utilities and energy matters and authorizes the committee to submit a bill relating to the report to the First Regular Session of the 125th Legislature.
